

# Global Coverage

and  
Requirements

Updated: 14 August 2017

## Outline

The following table displays our up-to-date global coverage and includes requirements for alphanumeric sender support.

Among these supported countries, some only support sending transactional messages and require Sender ID pre-registration or Template Registration.

**Please Note:** We will handle any specific requirements per country, the onus is not on you to do anything. If you experience any issues with sending to specific countries, please contact our Support Team for assistance. If we do require anything from you we will let you know.
